RE: S and S Mining Company
Red Rock Mine
ACT/037/050
San Juan County, Utah

Dear Mr. Ruggeri:

This letter shall confirm your telephone call of September 22, 1983 with Tom Tetting. As mentioned to you, the Board of Oil, Gas and Mining continued the matter of permitting for S and S Mining Company until the October Hearing based upon the staff's recommendation that all matters will be satisfactorily settled with S and S's submittal of information requested in the Division's April 12, 1983 letter. The deadline for submittal of this material is September 30, 1983 and it will be picked up from Robin Groff at the Rim Cyclery Shop in Moab between 9:00 and 12:00 that morning.

Our understanding is that there will be no further delays or postponements in furnishing the required information. Should the material be insufficient or incomplete, the original order to show cause which summoned Clayton Stocks, Roy Rockwell, Lee Yockey and Robin Groff to appear before the Board will still be in effect for October.

The Division will be in touch with you during the first week of October concerning the adequacy of the information or any further actions relative to the permitting requirements. Should the material be sufficient, tentative approval will be issued and notice of this decision will be published to solicit public comment for a 30-day period. Barring any adverse comments received by the Division, final approval will follow.

If you have any questions please call.

Sincerely,

JAMES W. SMITH, JR.
